Morning Session (9:30am - 12:30pm)

Basic studio lighting / working with ONE light.
Flash vs. continuous lighting for portrait photography

This will be a 3 hour workshop in a beautiful studio with 2 models & 2 setups. Each participant will get to shoot twice for 10 minutes with each model. Shooting with flash & then shooting with continuous light for a total of 20 minutes of shooting time per participant.

Alain will discuss & demonstrate the different types of looks that you can achieve with one light such as 'Rembrandt lighting', 'clam-shell lighting' & a couple of different ways to use one light with a reflector to create stunning portraits. Alain will also be giving an overview on how to quickly create beautiful light with off-camera Speedlites. We will look at how to create soft light and when to use hard light. You will learn about ; Off-Camera Triggers. Why Off-Camera flash matters. Where to Position Your Speedlite. And set-ups for Creative Lighting with 1 or 2 Speedlites. This will be a fast-paced demonstration that will quickly introduce you to various ways of creating great light with basic gear.
